# ABC Horizon

Education Without Borders – Study Anywhere, Succeed Everywhere

## Who We Are

Established in 2015 in Istanbul and accredited by the Turkish Ministry of Education, ABC Horizon Academy serves as a prominent platform for international universities and educational institutions. We deliver globally recognised academic and vocational programmes to students of diverse nationalities, offering a flexible and high-quality educational experience through both on-campus and online learning. By the end of 2024, our institution will have produced over 10,000 graduates, with our certifications facilitating career opportunities on a global scale.

## Our Vision and Mission

At ABC Horizon, we are committed to transcending traditional boundaries and redefining the possibilities within education. Through strategic partnerships with leading global universities, we provide ambitious learners with practical, experiential learning opportunities that enhance their skills and foster self-confidence, enabling them to excel in their chosen fields. Our innovative and practice-oriented programmes, delivered by experienced professionals, aim to inspire a generation equipped to shape their future and contribute meaningfully to society on a global scale.

## Why Choose ABC Horizon?

We provide exceptional and flexible education through an outstanding learning experience tailored to students' needs. Our globally recognized certifications are accredited in the European Union, the United States, and many Middle Eastern countries, opening doors to diverse career opportunities.

# Our Programs

## PRE UNIVERSITY

(UK General Secondary Education)

### (Academic)

Academic qualifications focused on theoretical knowledge, providing a solid foundation for higher education and professional careers.

- IGGSE
- A-Level

### (Academic and Vocational )

Qualifications centered on practical learning, designed to equip students with hands-on skills and direct workplace readiness.

- Level 3 Diploma
  - Subsidiary
  - Diploma
  - Extended Diploma

## UNDERGRADUATE & POSTGRADUATE

(Higher Diploma – Bachelor's – Postgraduate)

### (Academic)

"Academic studies focused on theoretical knowledge, memorization, and analytical skills, making them suitable for medical fields or for those seeking a comprehensive university experience, regardless of duration or entry requirements"

Studies can be pursued entirely at British and international universities, either in-person or online.

The study stages include:  
Bachelor's – Master's – PhD

### (Academic and Vocational )

"Qualifications focused on applied learning, designed to equip students with practical skills and train them in innovation and problem-solving through projects, preparing them for direct entry into the job market or fast-track progression to a bachelor's degree"

The first stage of study is equivalent to:  
Higher Diploma / Master's (Non-Thesis)

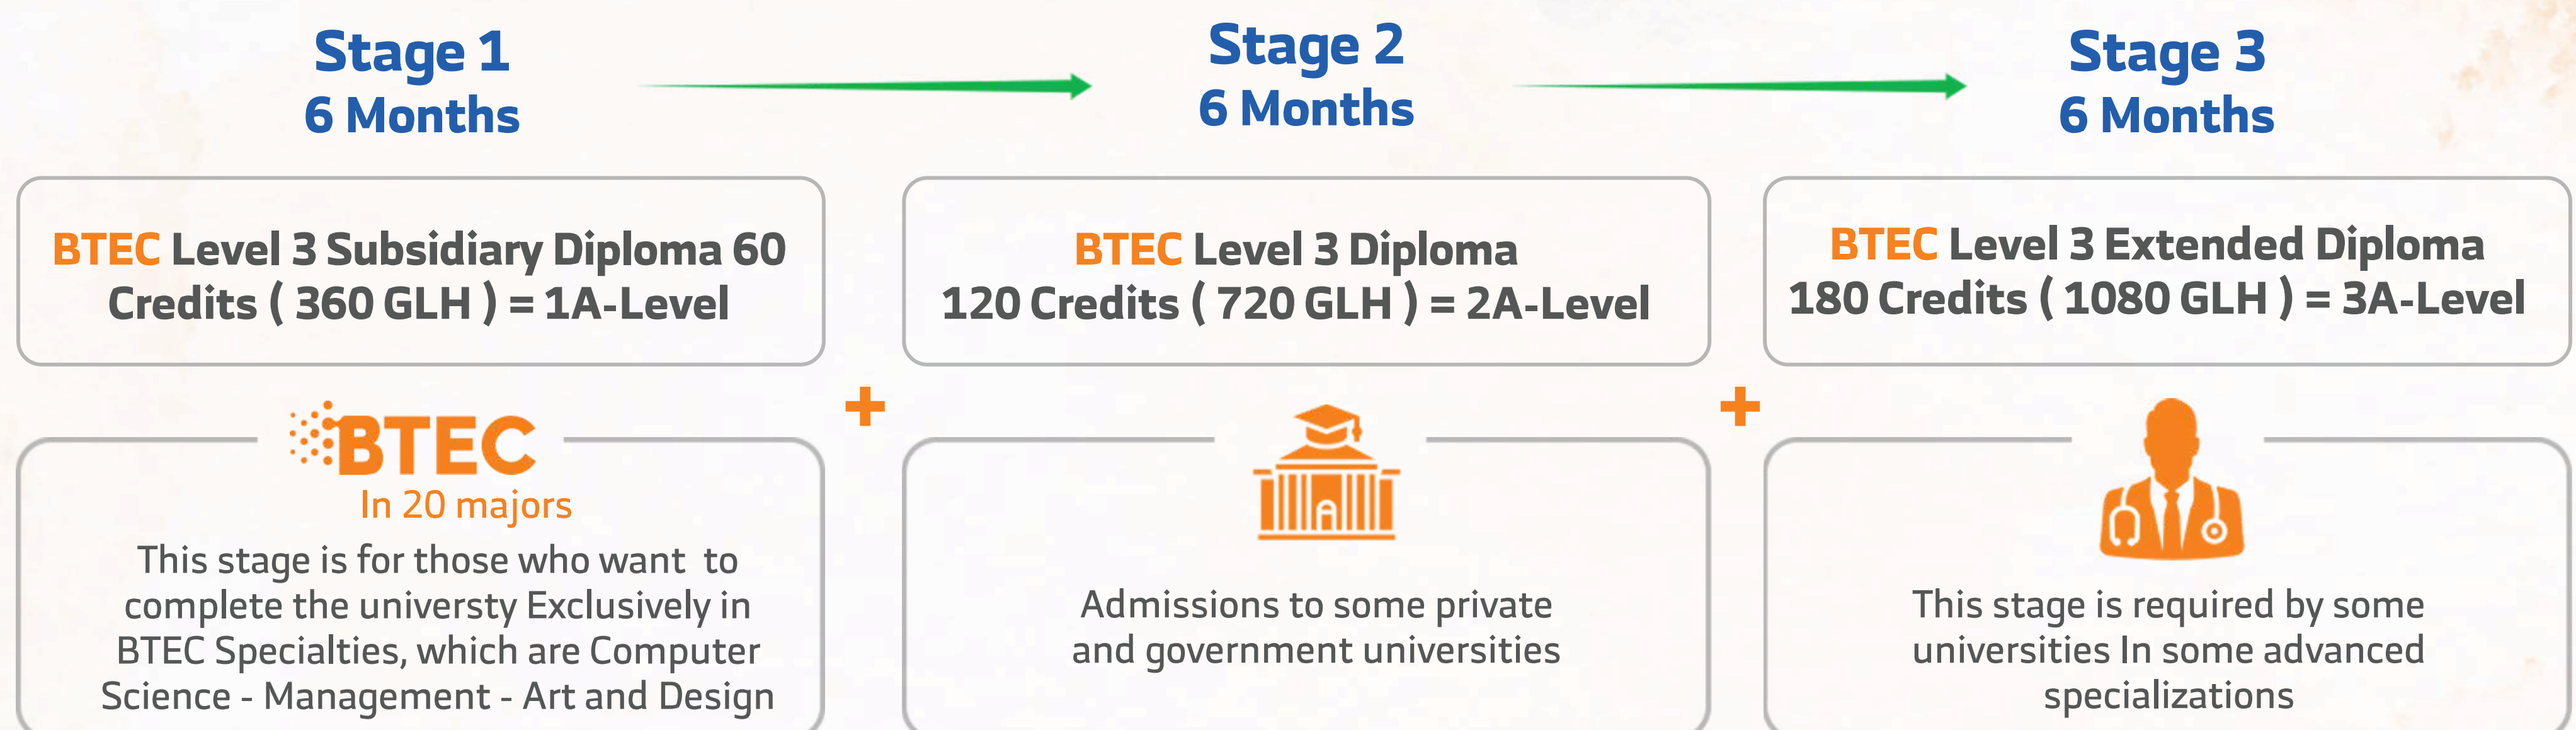

Students then complete the second stage at the UK or international university.

**The advantages of each pathway vary depending on the chosen specialization, student's age, and previous experience.**

# BTEC – Level 3

## Stages of the BTEC – Level 3 Diploma

## BTEC Level 3 Qualifications
